

Plattsmouth Community Schools

PERMIT TO ADMINISTER MEDICATION

In order for school personnel to administer medication to a student, it is necessary to have written permission from a parent or guardian. A permit is required for the dispensing of **any** medication, including Tylenol and other over-the-counter type medications. School policy requires that the following conditions be met before a medication will be dispensed:

1. **A signed permit is submitted to the school nurse or principal.**
2. **Prescribed medication to be administered must be in a prescription container, properly labeled, including: child's name, physician's name, name of medication and directions for administering. Your pharmacist will provide you with an extra medication container if you ask.**
3. **Over-the-counter medications must be in original manufacturer's container.**

No medications will be administered past their expiration date.

I give permission to the Plattsmouth Community Schools to administer medication to:

Child's Name	Grade/Teacher
--------------	---------------

as directed by our physician, _____

Doctor's Name

Medication	Amount and Time
------------	-----------------

Date of 1 st dose	Date of last dose
